Senior Memories

We'll always remember things
that mean Riley to us . . . our
school colors — Purple and Gold
. . . 'Wildcats' . . . the traditional
yell — 'Wi-Wi-Wild Ca-Ca-Cats'
. . . our motto — Lude Ludum
which we endeavor to follow as
we play the game of life . . . for
these we will always —
STAND UP AND CHEER.

STAND UP AND CHEER

Remember . . . just yesterday we entered the halls of Riley for the first time . . . eighth graders . . . the words of the school song had little meaning . . . yet they did mean Riley and high school at last.

CHEER LOUD AND LONG FOR RILEY HIGH SCHOOL

And that's just what we did as 'frosh' . . . at basketball and football games . . . backing our school in victory and loss.

FOR TODAY WE RAISE THE PURPLE AND GOLD ABOVE THE REST

"Sophs" found us in senior high school . . . raising our school and class above all others . . . not in sports alone but in activities and school work, too.

OUR BOYS ARE FIGHTING AND THEY ARE BOUND TO WIN THE FRAY

And as juniors we were almost there . . . still behind our school and team . . . perhaps a little more serious because we had but one year to watch our boys win the fray.

WE'VE GOT THE TEAM

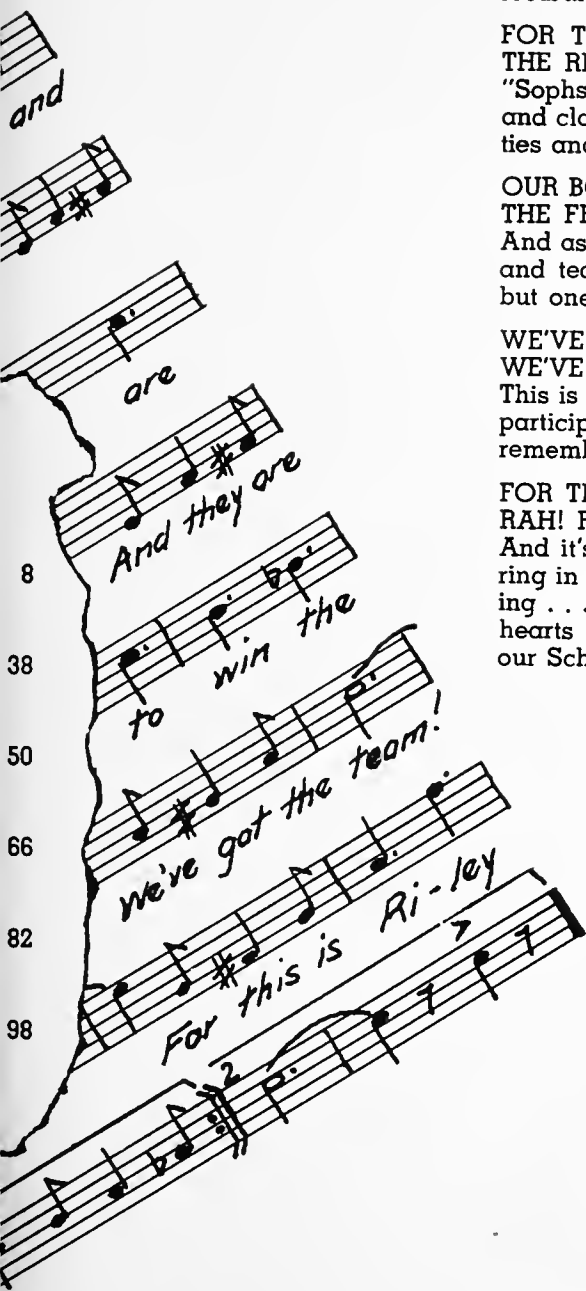

WE'VE GOT THE STEAM

This is the end . . . we watched the games enthusiastically . . . participated in the activities the same as ever, but always remembering this is the *last time*.

FOR THIS IS RILEY HIGH SCHOOL'S DAY

RAH! RAH! RAH!

And it's our day . . . once again the words of the school song ring in our ears . . . now the words are clear and have a meaning . . . there comes a swelling in our chests . . . pride in our hearts for we know *Stand Up and Cheer* means Riley and our School home . . . we will always remember.

Riley beauties on float at pep rally.

Our Principal, Our Friend in work and play, Glenn S. Kropf, who guided our progress with keen personal interest and understanding, will have a lasting influence on our lives . . . we will long remember him.

... Our Office

Harley Stech, responsible for bookstore records and finances, Russell Rhodes responsible for tickets, will always hold a special place in our memories.

Head Counselor Lawrence T. Pate kept a close kindly personal check on our scholastic plans and progress . . . his 'fine' or 'you can do much better' will always stick with us.

Esther Boles, Riley's new main office clerk, established herself as a part of our Riley tradition . . . we are sorry not to have known her longer.

For This Is Seniors Day

Superintendent Frank E. Allen and Principal Glenn S. Kropi guided us conscientiously through the last five years — we will always be thankful.

RILEY . . . what an awesome place it was to us that day . . . nearly five years ago . . . when a few of us appeared as eighth-graders . . . shy and uncertain . . . the smallest class in school . . . bewildered by the rush and activity . . . part of which was caused by Riley's basketball team's appearance downstate . . . somehow we struggled through that first long year . . .

How glad we were to see the new arrivals from Saint Matthews' and Center Township in the ninth grade . . . they say there is confidence in numbers and each new student certainly did help a lot . . . we began organizing and starting activities . . . we elected Roger Winter to be our first class president . . . early in the fall we took over the concession stand at School Field for one game . . . how proud we were afterwards when we discovered we had a larger treasury balance than any other freshman class in the history of Riley . . . remember the signs we wore, the "49ers"? . . . forty-nine sounded so far away then . . . it seemed as if we'd never make it . . .

And then in the tenth grade . . . at last! . . . the final big addition to our ranks . . . the graduating classes from Oliver and Lincoln were enrolled . . . at last we had as many students as the juniors and seniors . . . for the first time we really felt as if we had a place in Riley . . . we elected Mr. Earl Webb to be our head sponsor . . . a committee of six was appointed to draw up a constitution . . . Jim Axelberg, the new president, served as chairman . . . we sponsored our first major social event . . . the "Snowball Shuffle" . . . that was the year of all the coal-miners' strikes and the dance had to be postponed so many times . . .

In our junior year we had better luck . . . "Santa's Prance" went off as planned . . . right on schedule . . . remember how Pete Smith, playing Santa Claus gave crazy' presents to Pete Ranick and all his other officers . . .

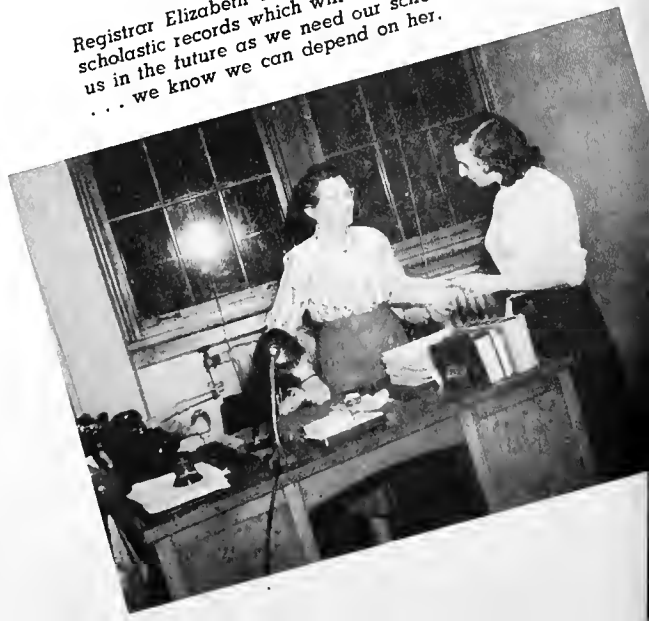

In the spring we watched the seniors and their activities more closely than ever before . . . maybe we were beginning to realize that it wouldn't be so very long . . .

And then, quite suddenly, it was fall again and here we were . . . seniors!!! for the first few weeks it was nothing but fun . . . we wished we could go on being seniors forever . . . then the Guidance Counselors, checking credits and asking about our future plans sobered some of us a little . . . being a graduating senior carried a little different responsibility . . . and once in a while we thought just a little . . . about what might happen after graduation . . . most of us, though, put such sober thoughts way back in our heads and enjoyed just being seniors . . . there really wasn't much time for thinking anyway . . . the arrival of our class rings . . . the election of Bob Pamachena to lead us through our last glorious year . . . wondering about those all-important senior pictures . . . trading graduation cards with all our classmates . . . the "Harvest Hop," our last informal dance . . . the fun and excitement of the campaigns in the selection of our football queen . . . All-City Prom . . . our last basketball tourney . . . our basketball queen . . . Sears Day . . . Cap and Gown day . . . and more glorious of all . . . our very own "Senior Prom"! . . .

They followed each other in such rapid succession that we didn't have time to think of each individually, but now, as we look back, we realize that ours was the most wonderful senior year Riley has ever seen . . . at least to us . . . even the sober-beauty of our baccalaureate services was more perfect than ever before . . .

Now its here! The day we have been waiting for . . . the final glory of seniors . . . our day or Riley's day . . . it's all the same, for we have been a part of Riley all these years . . . our glories, Riley's glories . . . now and forever . . . our troubles, Riley's troubles . . . and now our day . . . graduation . . . Riley Students off to the Classroom

The arrival at the office.

The Security Loan Company, 212 Sherland Building, South Bend, Indiana, each year, thru the courtesy of their Manager, E. B. Murphy, "A Riley Patron" conducts a Riley Classroom Day in their office, for a group of Riley Students. This Classroom is conducted on an educational basis to fully familiarize students at high school level, with operating features of Consumer Credit, and its use in financial problems, which may arise for individuals and family necessities.

The Small Loan Office, as operated by the Security Loan Company is a division of Consumer Credit. The Small Loan Office renders a specialized Financial Service, to old and young, at times when money is a necessity, without any delay.

fare agencies, as an essential need in every community. Students of Riley High School, the faculty and patrons are invited to attend these classrooms on operations of the Small Loan Company.

These pictures fully demonstrate a Riley student class in action. Three of the Riley students, who attended this class last year, upon graduation, entered the Small Loan office field, as business life occupations, and have found it most interesting. The Security Loan Company is proud to have offered this advanced education to these people, and sincerely hope that many others avail themselves of this opportunity.

LET THE CHORUS RING . . . clear and true . . . our Alma Mater . . . for a few short years we have been among the students who passed through her wide portals each day . . . we have felt her majestic power as we worked and studied . . . growing and developing in stature and personality . . . making friends . . . learning to know and understand each other . . . Riley's traditions, the students and faculty who uphold them will always remain dear to us . . . wherever we may go and whatever we may do . . . we will always remember what Riley has done for us and be grateful to our Alma Mater.
